

Collaborative Services Committee

- Working Groups (WG) are Division led
- Division funded (physicians)
- WG objectives meet Division goals and priorities
- Division holds decision making and accountability
- Some Division led WGs have broader system representatives including HA reps
- Clarify HA rep role – are they bringing clinical expertise/system knowledge or are they representing the HA as an organization?
- WG chair reports to the Division board
- HA rep reports back to the HA
- Requests for HA reps must be vetted through the appropriate HA administrator.

- Shared priorities, shared resources, co-chaired
- ToR's and membership approved by the CSC
- Division and HA Reps are representing their organizations
- Specific clinical/system related input – ad hoc members
- Shared definition of the issues to be addressed
- Solutions are co-designed
- Decisions are by consensus
- Working Groups report to the CSC
- Each chair reports back to their organization.

- Working Groups (WG) are HA led
- WG objectives meet HA goals and priorities
- Some HA led WGs may have broader system representatives including but not limited to GPs
- GP participation is HA funded
- Clarify the GP role – clinical expertise or Divisional representation
- When the GP is representing the Division they would report back to the Division board
- HA holds decision making and accountability
- WG chair reports to the HA.
