

GPSC Provincial Recruitment and Retention Steering Committee

Dr. Shelley Ross
Co-Chair (Doctors of BC)

Jennifer Scrubb, MSc
Project Manager & Webinar Moderator

Primary Care Awakens – Blue Sky Clinic Model Webinar Objectives

- Discover a new model of care designed to inspire engagement of early career family physicians into full service family practice.
- Describe the values of family medicine residents and early career family physicians
 - What do they seek in a practice & community? What don't they want?

Michelle Briere
Project Coordinator, Community
Development and Learning

Hayley Murphy
Community Development and Learning

Technology Overview

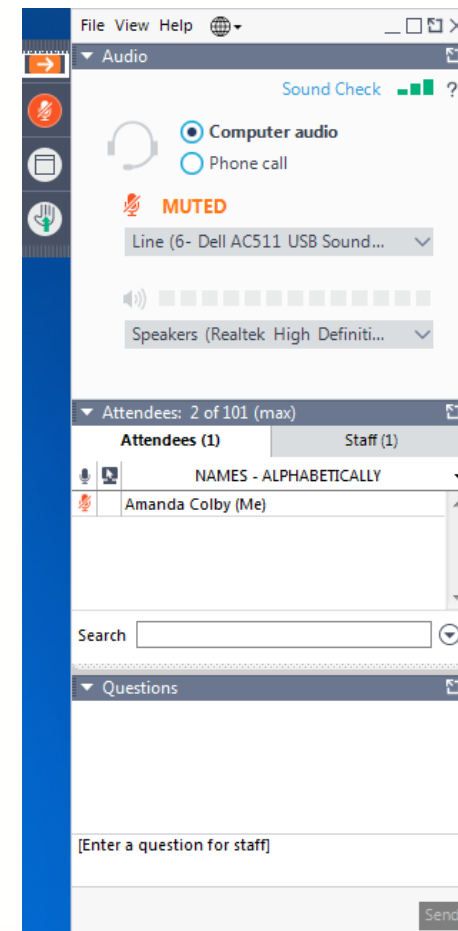

You are currently muted. To ask a question, or make a comment, please raise your hand.

When your hand is raised, the button will look like this:

If you're experiencing technical difficulties you can send a message to the organizers through the questions window.

Note: questions are sent to the organizers only. Other webinar attendees won't see them unless the organizer shares both the question and response with all attendees.

Strategic Priorities

GPSC Provincial Practice Recruitment & Retention Steering Committee Aim: Alignment, Efficiency, Addressing System Barriers

* Numbers correspond to the 12 BC Patient Medical Home (PMH) attributes and reflect alignment of R & R objectives with GPSC strategic plan
