

PSP Team Based Care Learning Series

Session: Foundations of Team Based Care
Resource: Team Mapping Exercise
Activity: Team Mapping Exercise

Activity Description: List the main patient groups from the patient panel. Next, list team members (actual in blue, potential in orange). Draw a line between each patient group and the team member who may work with them.

Example Team Mapping Exercise

Main patient groups from panel

Team members (Actual in BLUE, potential in ORANGE)

Examples of team members

- RN
- NP
- Pharmacist
- Social Worker
- Dietitian
- Other?
