

## Encounter Reporting for PCN GP Contracts MSP Service Code Grouping

Physicians engaged under the PCN GP Contract will submit Encounter Records to the Medical Services Plan (MSP) / Health Insurance BC (HIBC) via Teleplan in accordance with the requirements, rules and procedures of MSP/HIBC for the Services provided under the contract.

Encounter Records will include the following information:

- a. MSP Payee Number,
- b. Practitioner Number,
- c. Patient's/Client's personal health number (PHN),
- d. Patient/Client Name,
- e. Date of services,
- f. Encounter code(s),
- g. Start Time (for that day),
- h. End Time (for that day),
- i. ICD-9 diagnostic codes (1 code mandatory, 3 maximum),
- j. Location Code,
- k. Note, and
- l. Referring/Referred practitioner # (if the physician is referring patient to or receiving a referral from another practitioner).

With respect to f. above, physicians will use the list of encounter codes provided by MSP/HIBC and outlined in this document, as amended from time to time.

With respect to g. and h. above, start and end times are required in order to distinguish work done under the contract from other work undertaken by the physician.

The physician will also submit an Attachment Record to MSP/HIBC via Teleplan on a one-time basis for each patient where attachment is agreed to by the physician and the patient upon completion of an attachment conversation. For more information on Attachment Records and Attachment Conversations, including the list of PCN-specific Attachment Codes, please see the separate guidance document.
