DECISION-MAKING COMMITTEES

General Practice Services Committee (GPSC)

Co-led by Doctors of BC and the Ministry of Health

- Ministry of Health
- Doctors of BC
- Regional Health Authorities
- Divisions of Family Practice
- First Nations Health Authority (FNHA)
- Nurses and Nurse Practitioners of BC (NNPBC)
- BC Family Doctors

GPSC: *A collaborative partnership of the Government of BC and Doctors of BC. Works to strengthen full service family practice and the provision of quality patient care by GPs. It also supports the integration and alignment of physician services with other health service delivery, and promotes collaborative practice in meeting the needs of the population.*

Collaborative Services Committee (CSC)

*Co-led by Health Authority and Divisions
+ First Nations in some communities*

- Divisions of Family Practice
- Local Health Authority
- Local First Nations Partners
- Local Community Partners

CSC: *Provides PCN strategic leadership for the establishment of local PCN Steering Committee(s), PCN design and implementation, SCSP alignment, and analysis of data to help identify community care needs and outcomes.*

ADVISORY COMMITTEES

Interdivisional Strategic Council (ISC)

*Co-led by Health Authority and Divisions
and supported by the GPSC*

- Divisions of Family Practice
- Regional Health Authorities
- Other provincial and regional partners
may be invited to join ISCs

ISC: *A regional forum that includes representatives of all division and health authority primary and community care leads within a region. Provides an opportunity for regional strategic discussions and alignment regarding PMH, PCN, and health authority services.*
